

## Frequently-Asked Questions

### Why can't I bring latex paint?

Latex paint is not considered to be a hazardous material. As such, it can be disposed of through paint swaps, donation or by putting it in the trash.

The recommended method for trash disposal is to put kitty litter in a box, spread the paint over the litter and allow to dry, then dispose of it with your garbage. There are also paint hardeners that can be purchased at a hardware store.

### Where is the Public Works Garage?

The driveway for the Kenosha County Public Works Garage is located on Hwy. 50 (75th St.), on the north side of the road (east of the driveway to the main entrance for the Kenosha County Center.) There will be signs on Hwy. 50 directing you.

## Do NOT bring the following materials:

**Lead (vehicle/power tool) batteries**  
**Latex paint (water-based)**  
**Tires**  
**Infectious or biological waste**  
**Compressed gas cylinders**  
**Explosives**  
**Radioactive waste**  
**Medical and pharmaceutical waste**  
**Commercial or business waste**

**These materials will NOT be accepted.**

## How should I handle and transport the hazardous waste?

Keep products in original containers.

Seal containers tightly to avoid leaking. Place it in a leak-proof container.

Do not mix products together.

Pack containers in sturdy boxes in the trunk or in the rear of your vehicle.

Store products away from kids, pets and fire.
