RE: 2021 Roadway Improvements Program
25th Avenue & 14th Street

Dear Resident:

In early June, bids were accepted for the Village's 2021 Roadway Improvements Program. This year's program included mill and overlay for 25th Avenue and 14th Street.

Payne & Dolan was the low responsible bidder and was awarded the project in mid-July. On August 3rd, Village held their pre-construction meeting with Payne & Dolan and they have informed the Village that they will begin **pulverizing the streets on August 30th**. Before this date, you may also see their subcontractors preparing the streets for this work. These include Musson Brothers (cross-culverts and manholes) and Nielsen Madsen Barber (survey crew). You may also notice trucks from Baxter & Woodman (Village Engineer) and the Village of Somers Public Works. Weather permitting, paving should commence in mid-September.

During this project, access to your properties will be maintained and garbage/recycling service should not be interrupted. If you have questions or concerns, during this project, please call the Village at (262) 859 2822.

Thank you in advance for your patience during this project.
