Pricing

This section includes the net market value of the securities in your account on a settlement date basis, including short positions, at the close of the statement period. The market prices, unless otherwise noted, have been obtained from independent vendor services, which we believe to be reliable. In some cases the pricing vendor may provide prices quoted by a single broker or market maker. Market prices do not constitute a bid or an offer, and may differ from the actual sale price. Securities for which a price is not available are marked "N/A" and are omitted from the Total.

THE AS OF PRICE DATE ONLY APPEARS WHEN THE PRICE DATE DOES NOT EQUAL THE STATEMENT DATE.

A capital gain or return of principal may be included in the figures for certain securities, thereby overstating them. Refer to www.pershing.com/disclosures for specific details as to formulas used to calculate the figures. Accrued interest represents interest earned but not yet received.

COMMUNITY INFORMATION

APPLICABLE NFIP REGULATIONS/COMMUNITY OBLIGATION

We have made this determination pursuant to Section 206 of the Flood Disaster Protection Act of 1973 (P.L. 93-234) and in accordance with the National Flood Insurance Act of 1968, as amended (Title XIII of the Housing and Urban Development Act of 1968, P.L. 90-448), 42 U.S.C. 4001-4128, and 44 CFR Part 65. Pursuant to Section 1361 of the National Flood Insurance Act of 1968, as amended, communities participating in the NFIP are required to adopt and enforce floodplain management regulations that meet or exceed NFIP criteria. These criteria, including adoption of the FIS report and FIRM, and the modifications made by this LOMR, are the minimum requirements for continued NFIP participation and do not supersede more stringent State/Commonwealth or local requirements to which the regulations apply.

NFIP regulations Subparagraph 60.3(b)(7) requires communities to ensure that the flood-carrying capacity within the altered or relocated portion of any watercourse is maintained. This provision is incorporated into your community's existing floodplain management ordinances; therefore, responsibility for maintenance of the altered or relocated watercourse, including any related appurtenances such as bridges, culverts, and other drainage structures, rests with your community. We may request that your community submit a description and schedule of maintenance activities necessary to ensure this requirement.

COMMUNITY REMINDERS

We based this determination on the 1-percent-annual-chance flood discharges computed in the FIS for your community without considering subsequent changes in watershed characteristics that could increase flood discharges. Future development of projects upstream could cause increased flood discharges, which could cause increased flood hazards. A comprehensive restudy of your community's flood hazards would consider the cumulative effects of development on flood discharges subsequent to the publication of the FIS report for your community and could, therefore, establish greater flood hazards in this area.

Your community must regulate all proposed floodplain development and ensure that permits required by Federal and/or State/Commonwealth law have been obtained. State/Commonwealth or community officials, based on knowledge of local conditions and in the interest of safety, may set higher standards for construction or may limit development in floodplain areas. If your State/Commonwealth or community has adopted more restrictive or comprehensive floodplain management criteria, those criteria take precedence over the minimum NFIP requirements.

We will not print and distribute this LOMR to primary users, such as local insurance agents or mortgage lenders; instead, the community will serve as a repository for the new data. We encourage you to disseminate the information in this LOMR by preparing a news release for publication in your community's newspaper that describes the revision and explains how your community will provide the data and help interpret the NFIP maps. In that way, interested persons, such as property owners, insurance agents, and mortgage lenders, can benefit from the information.

This determination is based on the flood data presently available. The enclosed documents provide additional information regarding this determination. If you have any questions about this document, please contact the FEMA Mapping and Insurance eXchange toll free at 1-877-336-2627 (1-877-FEMA MAP) or by letter addressed to the LOMC Clearinghouse, 3601 Eisenhower Avenue, Suite 500, Alexandria, VA 22304-6426. Additional Information about the NFIP is available on our website at https://www.fema.gov/flood-insurance.

 - Action on Request by: Arlo F and Jeanne L Funk Trust, b. 27822 Santa Anita Blvd, Wesley Chapel, FL 33544 (Owner), Paul Bhardwaj, Golden Oil LLC, 1170 22nd Ave., Kenosha, WI 53140 (Agent), requests approval of a Certified Survey Map (undated CSM prepared by Ryan Wilgreen of Excel Engineering) to create one (1) 25.00acre Lot and one (1) 37.027-acre Lot from Tax Parcel # 82-4-222-073-0102, located in the SW 1/4 of Section 7, T2N, R22E, Village of Somers. (For informational purposes only, this property is located at the NE corner of CTH E and East Frontage Rd.)

BACKGROUND:

The Plan Commission has previously reviewed a concept for Golden Oil's potential project at the NE corner of CTH E and East Frontage Road (82-4-222-073-0102). Golden Oil is still working on the official submission for the project, but in the meantime, they are working with Funk Trust to purchase the land they will need. Golden Oil will be

purchasing 25 acres and the Funk Trust will retain the remaining 37.027 acres. In order to facilitate the sale, the lot will need to be split. The parties have submitted a request for rezone and a land division through CSM.

In this case, the rezone would be from A-1 to A-1 and A-4. The parcel retained by the Funk Trust would remain A-1 and the new 25-acre parcel would become A-4. As you may recall the Village established the A-4 district in 2021 to serve as placeholder for ag land that is split and no longer meets the requirements of A-1 though A-3.

PRIOR ACTION TAKEN:

The Plan Commission heard the above-mentioned request at their April 10th meeting and held the requisite public hearings. No major issues were raised. The Plan Commission's recommendation was to approve the request for rezone (6-0) and to split the lot into two parcels through the proposed CSM (6-0).

The Board reviewed this matter at our April 18th Work Session. No issues were raised.

SUGGESTED ACTION/ACTION REQUESTED/COMMENTS:

Administration would recommend approval. Again, the approval of this rezoning and CSM does not serve as the entitlements that Golden Oil will need for their proposed project. Finally, this step merely serves as a vehicle for Golden Oil to purchase the land they want to use to move forward with their project. In the event that the Village Board agrees with the suggested action, a suggested motion to approve would be as follows:

#12a

"Motion to approve request by: Arlo F and Jeanne L Funk Trust, 27822 Santa Anita Blvd, Wesley Chapel, FL 33544 (Owner), Paul Bhardwaj, Golden Oil LLC, 1170 22nd Ave., Kenosha, WI 53140 (Agent), requests a rezoning from A-1 Agricultural Preservation Dist. to A-4 Agricultural Land Holding Dist. & A-1 Agricultural Preservation Dist., on Tax Parcel #82-4-222-073-0102, located in the SW ¼ of Section 7, T2N, R22E, Village of Somers, subject to the following conditions:

| 9. | Proposed Land Use: | Business/Industrial Park |

PROJECT OVERVIEW:

The Petitioner is proposing to split the subject parcel into one (1) 25-acre Lot and one (1) 37.027-acre remnant Lot via Certified Survey Map. The Petitioner intents to purchase Lot 1 of the CSM to be used as the site for potential future development, while Lot 2 of CSM would remain owned by the current parcel owner. A rezoning of Lot 1 of the CSM is being requested from A-1 Agricultural Preservation District to A-4 Agricultural Land Holding District.

PLANNER COMMENTS:

The A-4 zoning on Lot 1 of the proposed CSM will essentially act as a "placeholder" zoning district. A zoning change will eventually need to be requested from A-4 into an appropriate zoning category once specific plans and uses for the future development of the Lot are finalized by the Petitioner.

The submitted Certified Survey Map generally complies with the Village of Somers Land Division and Platting Control Ordinance. Noted below are several recommendations for revisions to be made to the CSM prior to its recordation in the Kenosha County Register of Deeds office.

STAFF RECOMMENDATION:

Should the Plan Commission choose to recommend approval of this project, staff would recommend the following conditions:

- 1. The Certified Survey Map shall be subject to the following:
 - a. Subject to revising the CSM to address review comments from the Wisconsin Department of Administration's March 13, 2023 review letter.

- b. Subject to making the following revisions to the CSM:
 - 1. Add date of map.
 - 2. Add the name & address of the developer/subdivider to Sheet 1 of the CSM.
 - 3. Add a note indicating the proposed Lots will be served by municipal sewer.
 - 4. On Sheet 1, revise the 100 year floodplain boundary line to match that as shown on FEMA Map No. 55059C0064D, specifically a portion of the northeast area of Lot 1 which is outside of Zone "AE".
 - 5. On Sheet 1, add shading to areas indicated as Flood Zone "AE" (Flood Zone "X" areas are noted as "unshaded", implying that other areas are shaded).
 - 6. On Sheet 2, revise the note to indicate the date wetlands were delineated by Evergreen Consultants LLC.
 - 7. Add existing and proposed topographic contours at vertical intervals of not more than two feet to the face of the CSM.
 - 8. Add a 50'x50' vision corner easement at the southwest corner of Lot 1.
 - 9. Add the following vision corner easement note to the face of the CSM:

Note: Agricultural Use Conversion Charge

The use value assessment system values agricultural land based on the income that would be generated from its rental for agricultural use rather than its fair market value. When a person converts agricultural land to a non-agricultural use (e.g. residential or commercial development), that person may owe a conversion charge. To obtain more information about the use value law or conversion charge, contact the Wisconsin Department of Revenue's Equalization Section at 608-266-2149 or visit http://www.revenue.wi.gov/fags/slf/useassmt.html.

Note that the act of rezoning property from an agricultural zoning district to a non-agricultural zoning district does not necessarily trigger the agricultural use conversion charge. It is when the use of the property changes from agricultural that the conversion charge is assessed.

| AGENDA ITEM: | #14 | Action on proposed Resolution 2023-007, A Resolution in Support of the City Burlington's effort to amend Wisconsin State Statue 125.51(4)(e) to allow the transfer of "Class B" liquor licenses throughout an entire county | |

BACKGROUND:

The City of Burlington recently found itself short one "Class B" liquor license when two new businesses were looking to open in the city. Burlington reached out to neighboring communities within a two-mile radius (as allowed by statute) to see if they could buy an unused license.

"A municipality may transfer up to 3 reserve "Class B" licenses to a municipality that is contiguous or within 2 miles of the transferring municipality. The transferring municipality establishes the initial issuance fee in an amount not less than \$10,000. Upon receipt of the issuance fee, the receiving municipality shall pay the issuance fee to the transferring municipality. (sec. 125.51(4)(e), Wis. Stats.)"

None of their neighboring communities were willing to sell a license and Burlington lost one of the businesses.

The City of Burlington reached out to State Representative Robin Vos to petition a change to the area municipalities can ask for a Class B Liquor license. The change would increase the area from two miles to the entire county.

Early this month, the Village received the attached letter from the Mayor of Burlington seeking the support of other communities in their efforts.

PRIOR ACTION TAKEN:

The Board reviewed and discussed this matter at our April 18th Work Session. The general consensus was to prepare a Resolution in support of Burlington's efforts to

request a change in the State Statute. The Board also inquired as to the current status of the Village's allotment of liquor license. Clerk/Treasurer Baker has provided the attached summary.

SUGGESTED ACTION/ACTION REQUESTED/COMMENTS:

In the event that the Village Board agrees with the suggested action, a suggested motion to approve would be as follows:

"Motion to approve proposed Resolution 2023-007, A Resolution in Support of the City Burlington's effort to amend Wisconsin State Statue 125.51(4)(e) to allow the transfer of "Class B" liquor licenses throughout an entire county"

Letter from City of Burlington Mayor Jeannie Hefty

Status of Village Allotted Licenses

Proposed Resolution 2023-007

My name is Jeannie Hefty. I am the Mayor of the City of Burlington, Wisconsin.

I am asking you to join me in requesting the State to allow municipalities to request a transfer of a "Class B" liquor licenses throughout the entire county, rather than being limited to a 2-mile contiguous radius.

Our City was recently faced with two solid applicants wishing to apply for a "Class B" liquor license; however, the City only had one license remaining. This resulted in our Council having to choose a "winner" and a "loser". Both had solid business plans. Both would have been welcomed and successful in our community.

We are a growing community! Unfortunately, the need to grow our population by another 500, won't happen in time to support the addition of potential new businesses and restaurants wanting to come here. Your communities are growing too! The current limitations on "Class B" liquor licenses prevent new businesses and stunts economic growth!

Representative Robin Vos will assist municipalities and will pursue this at the State level, but we need your support. I am requesting signatures from all levels of government in the County and have attached a document to provide your signature.

Please pursue this as soon as possible, and help to make a difference to expand future growth and economic development in our counties and municipalities.

In closing, I don't want any municipality to go through what the City of Burlington did.

Thank you!

Sincerely,

Mayor Jeannie Hefty City of Burlington Burlington, Wisconsin

We support changing the liquor law stating you can only request a transfer of a "Class B" liquor license from a neighboring municipality within a 2-mile contiguous radius, to requesting a transfer of "Class B" liquor license throughout the entire county.

RESOLUTION NO. 2023-007

RESOLUTION IN SUPPORT OF THE CITY OF BURLINGTON'S EFFORT TO AMEND WISCONSIN STATE STATUTE 125.51(4)(e) TO ALLOW THE TRANSFER OF "CLASS B" LIQUOR LICENSES THROUGHOUT AN ENTIRE COUNTY

WHEREAS, Wisconsin State Statute 125.51(4)(e) states that a municipality may transfer up to 3 reserve "Class B" licenses to a municipality that is contiguous or within 2 miles of the transferring municipality; and

WHEREAS, the Village of Somers has received City of Burlington Mayor Jeannie Hefty's correspondence requesting that municipalities join their effort to request that the State of Wisconsin allow municipalities to have the ability to transfer "Class B" liquor licenses to another municipality within their County of residence; and

WHEREAS, the Village of Somers Board of Trustees reviewed the above referenced correspondence at their April 18th, 2023 Work Session; and

WHEREAS, the Village of Somers Board of Trustees agrees that the requirement that the transfer be from a municipality that is contiguous or within 2 miles of the transferring municipality is unduly burdensome and could potentially hinder the attraction of businesses; and

WHEREAS, the City of Burlington seeks to amend Wisconsin State Statute 125.51(4)(e) to allow for transfers of "Class B" liquor licenses between municipalities within their County of residence; and

NOW, THEREFORE, BE IT RESOLVED, the Board of Trustees of the Village of Somers supports the City of Burlington's efforts to amend Wisconsin State Statute 125.51(4) (e), and calls on the Legislature to pass legislation amending Wisconsin State Statutes to allow municipalities to have the ability to transfer "Class B" liquor licenses to another municipality within their County of residence; and

FINALLY RESOLVED, that the Board of Trustees of the Village of Somers directs the Village Clerk to send a copy of this resolution to the City of Burlington, State Legislators representing the Village of Somers, and to Governor Tony Evers.

| Total Amount Due for final Payment | \$139,512.00 |

We will provide the unconditional final payment recommendation with the final payment application, when it is available; the Village should hold payment to the Contractor until you receive this submittal from our office. We will also provide the final cost of Lift Station 1A (Sanitary Sewer Utility) and the water transfer station (Water Utility) with the final payment application. | | #20 | Action on appointment of Patrick Juliana, as alternate to Plan Commission (3-year term to end 04/30/2026) | | | | | |

BACKGROUND:

The Plan Commission has three commissioners whose terms are set to expire. Plan Commissioners serve a 3-year term or until a successor is named. Commissioner Sandee Gardinier, Commission Donald Boxx and Alternate Commissioner Steve Raith, Jr's terms are set to expire on April 30th.

Donald Boxx is willing to serve another 3-year term. Sandee Gardinier will be stepping down.

Commissioner Fredrick will also be stepping down after being recently elected to the Village Board.

This leaves two commissioners and one alternate that needs to be appointed.

Over the past two weeks, Staff has reached out to potential candidates and President Stoner held several interviews. President Stoner would like to nominate the following Somers residents to the Plan Commission:

Commissioner

Gregg Thompson, who runs his own project management and construction consulting firm. Mr. Thompson is also a former member of KABA and RCEDC.

Commissioner

Vince Chambers, who is a retired construction superintendent and has a degree in landscape architecture.

Alternate

Patrick Juliana, who was an alderman for the City of Kenosha for many years and has served an many committees (Board of Water Commission, Historical Preservation Commission, Licensing/Permit Committee, ...).

PRIOR ACTION TAKEN:

These potential appointments were reviewed and discussed at our April 18th Work Session.

SUGGESTED ACTION/ACTION REQUESTED/COMMENTS:

Administration would like to thank Ms. Gardinier, Mr. Fredrick, and Mr. Raith for their service to the Plan Commission.

Staff would recommend the beforementioned appointments. In the event that the Village Board agrees with the suggested action, a suggested motion to approve would be as follows:

#17

"Motion to approve re-appointment of Donald Boxx to Plan Commission (3year term to expire 04/30/2026)

#18

"Motion to approve appointment of Gregg Thompson to Plan Commission (3-year term to expire 04/30/2026)"
